Saurav

WordPress Developer & Shopify Developer

Experienced WordPress Developer & Shopify Developer with 1.6 years of hands-on experience, including a 6-month online internship at Woohmama and a year-long tenure at Epic Web Techno. Currently contributing expertise as a WordPress Developer & Shopify Developer at Lemniscate Technologies since October. Proficient in front-end development, adept with various programming languages, frameworks, and tools. Dedicated to delivering innovative web solutions and continuously enhancing skills to meet evolving industry demands.

Experience

Woohmama

Wordpress Intern

During my enriching 6-month internship at WoohMama as a WordPress Intern, I've had the opportunity to delve into the dynamic world of online development while contributing to the growth and success of this innovative company.

Epic Web Techno

WordPress Developer & Shopify Developer

In my 1-year journey as a Junior WordPress Developer & Shopify Developer at Epic Web Techno, I have immersed myself in a multitude of front-end development tasks, further expanding my expertise and contributing to the company's projects with zeal and dedication. My responsibilities have encompassed a diverse range of activities, from coding and implementing intricate website designs to crafting responsive layouts that cater to a seamless user experience across various devices. Throughout this experience, I have cultivated proficiency in a robust set of technologies, including HTML, CSS, Bootstrap, React.js, Next.js, Shopify, and WordPress.

Lemniscate Technology

WordPress Developer & Shopify Developer

As a dedicated WordPress and Shopify Developer, I have been actively contributing my skills and expertise to various front-end development tasks from October 2023 to April 2024. Over these six months, I have been deeply engaged in coding, implementing website designs, creating responsive layouts, and optimizing website performance to elevate the overall user experience. My role involved leveraging my proficiency in HTML, CSS, Bootstrap, React.js, Next.js, Shopify, and WordPress to deliver high-quality web solutions that meet client requirements and industry standards.
